Most attractive places in Iran:

Iran with its ancient background and having four seasons has many attractions. Wonderful places visited by millions of national and international tourists from all over the world. Apart from tourism attraction Iran has many universities with high ranks and known for its medical attractions brings many foreigners to Iran. In this regard some of the high rank universities and medical attractions of Iran in all provinces especially Esfahan are mentioned below.

Tourist attractions:

Tehran, Esfahan, Fars, Kerman and Khuzestan are among the places that have the most attraction for tourists and they have been approved by the General Conference of UNESCO and Iran's cultural heritage. In Esfahan the following places could be mentioned:

Neqshe-Jahan-Square

Neqshe-Jahan-Square is one of the most beautiful places in Esfahan. This square is one of the biggest squares in the world which was built during Safavid Period. Stores around the square are all selling handicrafts of Esfahan.

Ali Qapu Palace:

Ali Qapu Palace was the main entrance to other important places of the city.

Iman Mosque:

During Safavid period this mosque was one of the most important mosques of the city constructed near other important places such as Ali Qapu palace and Sheykh Lotfollah mosque.

Sheykh Lotfollah Mosque:

The color difference between this mosque and other mosques, lack of minarets, spectacular lightings and 28 meters entrance and many other attractions makes this mosque so unique.

Khaju bridge:

This bridge which was built in Safavid period was made to divert water during flood

Vank Cathedral:

It is one of churches built in that era. Vank cathedral has a simple architecture but with great art works from different artist in different periods made it so unique.

Siosepol bridge:

This bridge was constructed during Shah Abbas the first connecting Christian part of the city to Muslim part.

Esfahan Bird Garden:

Esfahan bird garden is a beautiful garden with many different varieties of birds and a convenient place for birds' reproduction. This garden consists of different sections resembling the origin of their stay in nature. Having massive iron cages, the small birds are kept safe from the attack of huge wild birds.

Soffeh Mountain park:

Soffeh Mountain is a part of Zagros Mountain in the southern part of Esfahan. This place has been changed to an amusing place and completely equipped. It is an ideal place for rock climbers and mountaineers. Many coffee shops and an amusement park are present to service the guests.

Esfahan Flower Park:

This park is located next to Zayanderood river. It is a collection of 395 different plants delicately put together to make a pleasant scenery for the viewers.

Esfahan Aquarium:

This aquarium has a glass tunnel in it, so that viewers could find themselves between the fish which creates a pleasant time and resembles underwater.

University Attractions:

Having world rank universities makes Iran an attractive place for international students. Majors such as Tourism industry, Arts, Islamic science, Persian literature, Law, Islamic laws, Management, Commerce, Psychology, Social science and also different majors like Engineering, Nano technology, Agriculture etc. are ready to admit international students from all over the world.

Presence of students from neighboring countries like Afghanistan and Iran in Medicine could be remarkably observed as it is less expensive comparing to other countries and also the students can enter operation halls for practical in Iran as they are not allowed in other countries.

As Iran is one of the first oil producing countries in the world, trains experts in different fields of studies in industry and technology. Oil Industry University (Sanat Naft University) with more than 70 members of academic staff are training students in Ahvaz, Abadan and Tehran at high levels, now giving admission to international students in English language. Mahmud Abad Faculty of Nautical science, a part of this university is also ready to give admission to international students.

University ranking:

Tourism Therapy:

World Tourism Organization has defined Tourism Therapy this way: Facilitate people in order to increase health spirit with the help of natural sources such as mineral waters, weather or medical advises. Tourism therapy are services which are given outside of the place of residence. Tourism therapy is divided to three parts, medical therapy, nature therapy and wellness therapy.

Many people from other countries come to different cities of Iran for treatment because of the presence of experienced physicians, skillful nurses, advanced medical technology, equipped public and private hospitals, less expenses and also presence of rich sources of hot springs, salt water hot spring, natural medical mud and beautiful nature.

Tourists who come for plastic surgery, fertility, cosmetic surgery, tooth implant, gum surgery and transplantation, eye surgeries are mostly from Iraq, Afghanistan, Oman, Azerbaijan and Bahrain.
